

Art & Technology Newsletter

Fyvie School Term 1

Welcome back! We hope you had a super summer break. We are raring to go and get started with our new roles this year as core staff at Fyvie School. Mrs McLean will be responsible for the delivery of Art & Design on Thursday and Friday seeing all the classes across the two days. Mrs Barron (nee. Miss Gordon) will be delivering Technology lessons on a Wednesday to P1/2, P2/3, P3/4. P4/5 & P5/6. We wanted to write to you all to just tell you a little about what we will be getting up to.

Kind regards,
Mrs McLean & Mrs Barron

Art & Design

This term we will be focusing on learning/revising the basic 7 elements of art. We will then be exploring some of these elements further with specific art projects, catering to the different ages and stages. It would be really helpful if the children could bring in an apron of some sort that we can keep in school, as soon as possible. I have found that some of the best aprons can be made from an old, oversized t-shirt or shirt. That is what I will be using myself as I usually get in a worse mess than the children. If these could be named too, that would be brilliant!

Thanks in advance.
Mrs McLean

Technology

Throughout the school year, classes will participate in a range of technology based projects. This will include ICT lessons, food and textiles and craft and design. This term, the P5/6 children will design and create a kite, please collect a range of junk materials for the project.

Thanks
Mrs Barron
